

Get Involved

Have you ever considered being a college Governor?

The following is a quote from www.governor.net.co.uk – the information site for school governors.

School governors are people from the school's community who wish to make a positive contribution to children's education. They must be aged 18 or over at the date of their election or appointment. There is no upper age limit. Governors are the largest volunteer force in the country and have an important part to play in raising school standards through their three key roles of setting strategic direction, ensuring accountability and monitoring and evaluating school performance.

If you really want to make a difference to your child's education and provide an essential service to your local school then consider spending around 6 hours per school term serving as a Governor.

I'm interested – now what do I do?

Either contact the college or email us at the address below and ask what vacancies there are on the Board of Governors. If there are any vacancies and you are interested in joining our Governing Body then please put yourself forward for nomination.

I want more information

The following website has general information about "being a school Governor".

www.governor.net.co.uk – School Governors guidance website.

I want to ask a Springwell Community College Governor a question

You can email the Governing Body by contacting the Clerk to Governors, shand@springwelcc.org and post your question.

You will receive a reply as soon as possible.
