Headteacher: Mr Ian Wingfield

Dear Parents / Carers

We have reached the time in your child's education where they are able to make some choices about the creative subjects they wish to study in Year 9, this gives them the opportunity to study two subjects in more detail and provides an insight into what studying those subjects at GCSE would entail.

The subjects that your child can choose from are:

Art
Dance
Drama
Food
Music
Product Design

In normal circumstance the majority of this process would take place within college, however, given the current situation with COVID-19 most of the process will be completed online.

Accompanying this letter is a very short PowerPoint outlining the process and giving some advice to students on how to decide on which subjects to study as well as giving the instructions on how to login to the portal and choose their options. There are also instructions on how to login as a parent. However, please be aware that all choices must be made from a student login, the parental login will not let you make choices on behalf of your child, it only gives access to view your child's choices.

Students need to complete the online process by Friday 26th March 2021 and will need to indicate the 2 subjects they wish to study as well as a reserve. **Students should also be aware that if they choose not to study a subject in Year 9 they will not be allowed to then choose that subject to study in Year 10.**

If you have any questions regarding this process or have any difficulties accessing the online portal please e-mail: options@springwellcc.org

Yours sincerely

S Birks
Assistant Headteacher
